

# 2025 Sponsorship Opportunities

**Connecting Business to Community!**

The Crawford County Chamber of Commerce serves as a leading advocate for its members and the county's business community by creating a positive economic climate, supporting and developing all industries, and attracting others to visit and contribute to our communities. Businesses and individuals like YOU help to ensure that we are able to continue to improve, evolve, and increase the reach and efficacy of that mission. We strive to build a community where our members flourish, industries thrive, and visitors want to experience our past, present, and future.

Please explore all opportunities for involvement throughout the sponsorship document (scan QR code to view.) If any questions arise, or if you don't see an opportunity for which you are seeking, please contact our office, and we will do what we can to help get you to your desired level of support.

As we developed this year's sponsorship investments, we made it our goal to ensure that there was an investment option for any and all of our incredible members. From our sole proprietors to our large businesses, there is a way for you to support our mission and our surrounding communities, there is a way for you to support our local businesses and our surrounding community.

As you review this packet, please note that there are a variety of options from which you can select to best meet your organization's advertising goals, mission, and additional interests. These options include our new Chamber Champion one-ask investment level to a la carte options for each of our events and newsletter.

We thank you for considering to support any of our yearly networking, social, community-driven, and fundraising events.
